## **Supreme Maintenance Organization Acquires Classic City Solutions of Athens, Georgia**

**Greensboro, North Carolina, USA, March 1, 2023** - Supreme Maintenance Organization (SMO), a leading janitorial service provider in the Southeast based in Greensboro, North Carolina, is pleased to announce it has acquired Classic City Solutions (CCS) of Athens, Georgia.

CCS was founded in Athens, Georgia in 2004 by Bruce and Kim Jeffers. CCS has built a reputation as a quality janitorial service provider, serving clients throughout Northeast Georgia. Bruce Jeffers retired from Athens-Clarke County Fire Department after 33 years of service, which included cleaning the fire station. Led by the Lord, Bruce and Kim started Classic City Solutions using the basic cleaning principles instilled in him while serving the fire department. CCS provides green cleaning and day porter services to many schools, large churches, car dealerships, and various office buildings throughout the region. The company also offers Special Services, including carpet cleaning, VCT stripping and refinishing, window cleaning, and more. The company has grown using only word-of-mouth advertising and today employs over fifty team members.

Bruce will remain with SMO and serve as Georgia District Manager, using the same leadership skills and passion for cleaning and service that he used to build CCS into a market leader. Bruce recently said, "We are extremely excited to be joining the SMO family and to be part of their vision of expansion and growth. The additional resources and capabilities offered by SMO will help us with our continued growth throughout Georgia. It was very important that we find a company that shares our values and commitment to serving our customers, team members and community. Our team members are excited about the additional benefits they will receive by joining SMO and we look forward to working with the entire team to help fulfill their mission."

David Murphy, President/CEO of SMO, said, "We are very blessed to be able to acquire a company like CCS and look forward to working with Bruce and his team. Both companies share similar beliefs and core values, and we are excited about the future and opportunity to expand our services in Georgia."

### **About Supreme Maintenance Organization**

SMO is recognized throughout the Southeast for dependable customer service, cost-effective cleaning and facility maintenance solutions, progressive stable management, cutting-edge technology, and extensive Team Member training and development through SMO University. With over 500 Team Members, SMO serves over twelve million square feet daily for some of the most prominent businesses in the region.
